Made available upon request.

# Form 990, Part III, Line 4a - Additional Information

In addition to providing direct case-management and Integrated Student Supports through a Differentiated Service delivery model, CIS Site Coordinators are extremely knowledgeable of, work with, and refer students and families to other Mecklenburg County community agencies to ensure students and families get additional services as needed. This collaborative approach ensures a seamless, efficient use of community resources and coordinated efforts to increase the likelihood of school success, high school graduation and college and career readiness and is a cost-effective approach for improving student outcomes. The CIS service delivery model focuses on attendance, behavior, academics and parent engagement at all school-age levels.

Effective, evidence-and research-based best-practice student interventions are matched appropriately to each child, delivered at each level PreK through Grade 12, and evolve or are modified as students change. Students are referred to CIS by principals, school staff, social workers, community agencies, parents, and CIS Site Coordinators based upon known risk factors associated with low performance or dropping out of school. Students are assessed and an Individual Student Plan is developed for each child based upon not only the needs and associated risk factors for a student, but also based on the student's strengths, potential, and unique characteristics to nurture. 2020
